EDUCATION

Federal Polytechnic Bida, Niger State - HND - 2022

I hold an HND in Computer Science from the Federal Polytechnic Bida, where I gained a strong foundation in programming, software development, and computer systems. My education has equipped me with the necessary knowledge and skills to excel in the field of web development and effective use of softwares and contribute effectively to any technological endeavor.

Federal Polytechnic Bida, Niger State- ND - 2019

Government Army Secondary School Elele, Rivers State- SSCE O' Level - 2015

Volcan NAOWA Nursery and primary school, Rivers State- First School Leaving Certificate 2009

SKILLS

Web Development: Proficient in both front end and back end development, with hands-on experience in HTML, CSS, JavaScript, and frameworks such as React, Nest Js, Express Js and Node.js. Skilled in creating responsive and visually appealing websites.

Software Proficiency: Highly skilled in utilizing Microsoft Excel for business analysis, data organization, and reporting. Able to effectively manipulate data, perform calculations, and create insightful visualizations.

Communication: Excellent verbal and written communication skills, enabling effective collaboration with clients, team members, and stakeholders. Demonstrated ability to convey technical concepts to non-technical individuals in a clear and concise manner.

With a diverse skill set encompassing web development, software proficiency, problem-solving, and effective communication, I am well-equipped to contribute to the success of any organization in the field of computer science and web development.
